DATE: For the Commission Meeting on August 30, 2022

TO: Members, Wisconsin Ethics Commission

FROM: Daniel A. Carlton, Jr., Administrator, and
Sathya Sivaji, Office Management Specialist

SUBJECT: Biennial Budget Request FY 2023 – 25

FOR COMMISSION ACTION

For the draft budget, the Commission may:

1. Authorize staff to draft the budget request documents, including any approved decision items; or
2. Schedule a time for the Commission to meet to review the budget prior to submission.

The Ethics Commission is required to submit a biennial budget request on September 15, 2022. This budget will cover fiscal years 2024 and 2025, starting July 1, 2023, and ending June 30, 2025.

Agencies received communications from the Governor's office in June on expectations for the biennial budget request. Agencies were advised not to request any additional GPR-funded expenditures in either year of the upcoming biennium. However, the Major Budget Policies do appear to allow the Commission to request funds for IT projects.

Agencies were directed to assume that there will be zero growth in overall GPR appropriations during the biennium. Agencies were told to make their requests based upon 100 percent of the fiscal year 2022 – 23 adjusted base. Essentially, the Ethics Commission can plan to receive the same amount of GPR from the state in the upcoming biennium, as was received in the current fiscal year (2023). There are standard adjustments for salary, fringe, and rent that will make minor increases to the adjusted base.

There are several documents that are required to be included in the budget submission. Many of these documents overlap with the documents submitted as part of the annual report. They include: an agency description, mission statement, program goals and objectives, performance measures, and an organizational chart. Any changes that are made to those documents in review of the annual report will be modified to match for the budget submission.

Other items that will be included in the final submission are generated by the budget system. We are currently awaiting those items from the DOA State Budget Office. The budget system will create fund source total documents of the current and upcoming biennium. The system will also generate program revenue statements.

There are three standard budget adjustments that will be calculated by the DOA State Budget Office (SBO). The standard budget adjustments are the adjusted base (decision item 2000), full funding of continuing position salaries and fringe benefits (decision item 3003), and full funding of lease and directed moves costs (3010). Agency staff are awaiting details on those standard budget adjustments. The adjusted base is the first step in establishing the budget for the upcoming biennium. The adjusted base is calculated from the budget of the last fiscal year of the prior biennium (in this case, fiscal year 2023). Any modifications to the budget throughout the biennium, such as changes due to a request that was approved by the legislature, would be factored into the adjusted base. The Ethics Commission did not have any modifications to the budget, so we can expect the adjusted base to look very similar to the approved budget for the current biennium. Staff expect minor adjustments for salary and fringe due to the general wage adjustments that have occurred. Staff also expect a minor adjustment for the lease cost for the upcoming biennium, as the space rental rate has decreased slightly.

The Ethics Commission will also have an opportunity to include any agency-specific decision items for consideration. Decision items are agency specific requests to changes in the budget.

Lastly, 2015 Wisconsin Act 201 requires an agency to include certain documents in its biennial budget request. Act 201 has two major requirements: First, it requires an agency to demonstrate how it would budget if it were required to meet a zero-growth target. Second, the agency would have to demonstrate how it would budget if the agency was required to reduce its operations budget by 5%. It is important to note that this legal requirement does not mean that the Commission is requesting a budget that has zero growth or a reduction. It is an exercise to demonstrate what would happen in either of those two scenarios. It is expected to be merely a hypothetical exercise. For the budget request for the upcoming biennium, the Commission's request will essentially be the zero-growth part model. The exception is whether the Commission decides to include any agency-specific decision items.

Staff are awaiting many documents from the State Budget Office that are necessary to pull together the budget submission. Typically, this information has been received near the end of the month of August. In 2018, it was not received until September 12, 2018, when the budget was due on September 17, 2018. This year, the State Budget Office is in the midst of launching new budget software. As of the drafting of this memo, staff expects the necessary documents and information to be provided before the Labor Day holiday. However, with the new system, it could be delayed further. Staff has discussed the budget request process with the State Budget Office analyst assigned to the Commission. He advised that it is permissible for the Commission to give instructions to staff on how it wants staff to handle decisions to be made and can direct staff to

submit the budget request with those decisions included. He said that the Commission would not be required to meet again to approve the actual documents to be submitted.

With permission of the Commission, staff would like to proceed that way. This will avoid the need to call an additional special meeting. As always, we will post the budget request on our website and can send the finalized version to the Commissioners. If the Commission approve proceeding this way, staff would prepare a Zero Growth biennial budget request with the normal decision items for maintaining full funding of staff salaries and rent. From there, there are a few additional items the Commission must decide. The following are the decisions that the Commission will need to make to give staff the information it needs to submit the budget request.

Act 201 5% Reduction Plan

As noted above, every agency is required to include in its budget request documentation about how it would budget if there were a 5% reduction. Unfortunately, the State Budget Office has not yet provided us the exact dollar figure for that 5% reduction. Even though we do not have the exact numbers, the Commission can go ahead and direct staff to submit the required information consistent with how it has done it in the past.

During the last two budget cycles, the Commission's primary goal was to maintain as much of the Commission's investigation fund as possible. So, for the 2019-2021 biennial budget request, the Commission voted to reach the 5% goal (\$67,300) by: 1) reducing the Investigation Fund appropriation by \$25,000, and 2) by reducing the Lobbying Program Revenue appropriation by \$42,300. For the 2021-2023 biennial budget request, the target was \$72,600. The Commission voted to: 1) reduce the Investigation Fund appropriation by \$25,000, 2) reduce the Lobbying Program Revenue appropriation by \$45,100, and 3) reduce the Supplies and Services appropriation by \$2,500.

While we do not have the precise figure yet, we know it will be very similar to years past. The Commission has historically been consistent in its approach to this portion of the request. So, based upon the past actions of the Commission, staff recommends that the Commission direct staff to prepare the Act 201 5% reduction document as follows:

- 1) Reduce the Investigation Fund appropriation by \$25,000;
- 2) Reduce the Supplies and Services line by \$2,500; and
- 3) Reduce the Lobbying Program Revenue appropriation by the remaining amount.

If the target reduction is higher than the last biennium, staff is concerned that taking additional expenditure authority from the Lobbying Program Revenue appropriation may inhibit the Commission's operation. So, staff would request the authority to increase the Investigation Fund appropriation reduction to \$30,000, if necessary.

New CFIS Project

Prior to the Administrator joining the Commission's staff, the Commission decided to upgrade both the lobbying website and CFIS, the Campaign Finance Information System. Both systems were built before 2010. In IT world, they are essentially dinosaurs. The lobbying website update has been completed. So, now it is time to turn our attention to upgrading CFIS. Staff has already investigated alternative ways of approaching this project. Obviously, there is the potential to contract with a vendor that makes campaign finance software. Another alternative that staff explored was using the code from a different state. Specifically, staff contacted staff of the Massachusetts Office of Campaign and Political Finance ("OCPF"). Under Massachusetts law, the code itself is a public record. OCPF staff was extremely helpful in allowing us to explore their code to determine how feasible it would be for us to use, in whole or in part, their code. Staff spent several hours working with OCPF staff to learn about how their system works. Ultimately, while there are elements that are the same, there are enough differences that using their code would require substantial work. Staff has also considered the idea of partnering again with the University of Wisconsin DoIT staff. Finally, staff has considered undertaking the task of creating a new version in-house.

There are a couple of important considerations relating to the new campaign finance website. First, obviously, is cost. The first set of costs associated with a website include the development, creation, and launching phases of the website. The second set of costs that could potentially be incurred are ongoing maintenance costs. Finally, there could be additional incurred costs to accommodate new/different legal requirements if the campaign finance reporting laws are rewritten. Second, and arguably more important, is ownership of the product. If the Commission owns the website, it is able to make quick changes and conduct maintenance without the need to pay additional under a support/maintenance contract. This is true whether there is a system issue or simply a change in reporting law. We would not have to contact a vendor and be subject to their schedule and billing should fixes be needed. The final consideration is the amount of time it would take to build and launch the website.

While staff had a great experience working with the University of Wisconsin DoIT Project on the lobbying website, the new campaign finance website project will be much more intensive than the lobbying website was. Staff would like to move forward on this project and get it completed before the next election year (2024). It is not clear whether they have the bandwidth to be able to handle University-related projects and a project of this magnitude.

That leaves the possibility of contracting with a vendor to create a new website or, alternatively, undertaking the project in house. Staff has not yet put out a request for proposals. However, staff has had preliminary discussions with the current vendor. While they stated that there was room for negotiation, the numbers provided verbally include \$500,000 for the new website itself and an additional \$100,000 per year in maintenance. It is important to know that the maintenance portion would not necessarily include changes required as a result of statutory revision. For reference, the

Commission's annual appropriations total approximately \$1,600,000. Through a vendor, it appears that the new website would cost about 1/3 of the Commission's normal annual budget (exclusive of maintenance costs). The maintenance cost is about 6% of the Commission's annual budget. It also is approximately double the current maintenance cost.

Commission staff has also explored the possibility of undertaking the project internally. The biggest obstacle to this is that the Commission currently has only one IT contractor. Our current contractor built and maintains the Commission's SEI website. She also built the first lobbying website, was heavily involved in building the new lobbying website, and has taken over full maintenance of the new lobbying website. She also works with DET to make sure our servers are working properly and does other IT-related work for the Commission. Clearly, she would not be able to undertake this project alone. To do the project internally, it became readily apparent that we would be required to hire additional IT contractors. Staff has talked with our IT contractor to seek recommendations regarding what kind of contractors we would need to retain to do the job. She indicated that we would need two Application Developers.

If the Commission went that route, we would anticipate contracting with two Application Developers for the entire biennium. That should provide us ample time to create, test, and launch the new website. After that, we would evaluate whether it is necessary to keep them on staff as part of the next biennial budget request. The anticipated cost of hiring two Application Developers via independent contract is no more than \$648,960.

Doing the project in house has substantial benefits. First, it is likely that the Commission could hire the two contractors at the same or less cost of acquiring the new website through a vendor. Second, there would be minimal, if any, additional annual maintenance costs. The only potential additional cost would occur if we determined that we needed to retain a developer. It is possible that that could be done at the same or less cost than the anticipated vendor maintenance contract. Third, the Commission would own the website. We would easily be able to make any changes (as opposed to going through a process with a vendor). We could potentially be more responsive if issues arise. We also could more quickly adapt to changes in the law without going to the vendor for changes at an additional cost.

We could either start from scratch or there is the possibility that we could purchase the current website from the vendor. There may be some benefits to that. One benefit is that we could maintain it in house while we're building the new website. This could save approximately \$50,000 per year. However, we are not certain whether the vendor is willing to do that or, if so, at what cost. Staff has inquired with the vendor whether they would entertain that idea.

Because of the flexibility owning our own site affords, staff is recommending that the Commission direct staff to proceed with creating the new website. To that end, staff is requesting that the Commission approve including in its budget request a sum sufficient to cover the costs of hiring two application developers and, if necessary/appropriate, the cost of acquiring ownership of the

current version of CFIS. If necessary, the Commission has reserves in the Campaign Finance Program Revenue line available. These reserves could be used towards the cost of this project if the Legislature will authorize additional expenditure authority from that line.

Office of the Governor | State of Wisconsin

June 7, 2022

By Electronic Mail Only

Dear Secretaries and Agency Heads:

Throughout our administration we have all met many resilient Wisconsinites from one end of the state to another who have taken the time to share their ideas with us on what we can do to make our great state an even better place to live, work, play and raise a family. As we continue to actively listen to our fellow residents, let us continue doing the right thing for those we represent by focusing on our shared values that bring us together as a people, many of whom are less concerned about who gets credit for what in Madison than they are about what gets done.

While we look forward to our 2023-25 biennial budget and all that is ahead of us, it is also essential to recognize what we have done by working together and listening to the people of Wisconsin. And I want to start by extending my thanks to you and to the state workforce at each of your agencies for their efforts to serve the people of Wisconsin during these unprecedented times. Your flexibility, responsiveness, and dedication to serving the people of Wisconsin in the face of constant change and many challenges is greatly appreciated by me and by the people of our great state.

We have continued to demonstrate our ability to get things done as I have signed hundreds of separate pieces of legislation into law this legislative session, including a state biennial budget that, when combined with my tax cuts from last session, fulfilled our promise to reduce state income taxes for the middle class by roughly 15%. By the end of the 2022-23 fiscal year our cumulative total of individual income tax cuts will reach roughly \$4.1 billion, with ongoing annual relief for Wisconsin taxpayers of approximately \$1.5 billion each year going forward. We also updated our income tax withholding tables for the first time since 2014 to reflect the multiple income tax cuts I have signed into law over the past three years to provide Wisconsinites with more money in their paychecks throughout this year.

The budget I signed last summer included many recommendations we made that we had heard time and again from people across the state. We significantly increased nursing home reimbursement rates, expanded broadband access across the state, provided another round of increased general transportation aids to continue maintaining and fixing our roads, fulfilled our two-thirds funding goal for our schools, increased sparsity aid for students in our small, rural school districts, and invested in our farmers by providing funding to promote and increase exports of our agricultural products.

We have also managed the state's finances well during these unprecedented times. After 30 consecutive years of running a Generally Accepted Accounting Principles (GAAP) deficit, we have had two consecutive years with a GAAP surplus, including a \$1.18 billion surplus at the end of the 2020-21 fiscal year. Since we took office, we have also increased the state's budget stabilization fund (our "rainy day" fund) by over five times as we currently have a record high balance of roughly \$1.73 billion.

We have also positioned our state soundly to meet the needs of Wisconsinites, as the Legislative Fiscal Bureau's most recent general fund projection estimates we will have a \$3.8 billion surplus at the end of the current 2021-23 biennium. While I am disappointed that the Legislature has failed to act on my requests to use a portion of these funds to provide relief to Wisconsinites now, this significant fund balance puts the state in a strong position to meet the needs of our state in the next biennial budget.

Our stellar financial management has also literally paid off in other ways. Last summer, we saw the State receive upgrades from two rating agencies, with one rating upgraded to a AAA level, which is our first AAA rating since 1982. The upgrades reflect the rating agencies recognition of significantly improved reserves, elimination of the negative fund balance (on a GAAP basis), and strong fiscal management. We have reduced the amount of the State's long-term obligations by an average of \$316 million per year over the past three years. In addition, the amount of State transportation revenue bonds has been reduced by \$203 million since the end of calendar year 2018.

Overall, we have reduced the state's general purpose revenue debt service as a percentage of tax revenues in the 2022-23 fiscal year to 2.28%, which is down from 3.40% at the end of the 2017-18 fiscal year, the last full fiscal year before we took office. Finally, over the past three plus years we have completed numerous debt refinancing transactions that have provided present value debt service savings for all borrowing programs of roughly \$383 million. Our debt management record is evident as we have done, and will continue to do, whatever it takes to save Wisconsin taxpayers every dollar we can.

However, as we all know, there is some economic uncertainty now amidst an ever-changing and unrelenting pandemic, an international crisis, and ongoing economic challenges around the globe. While I am optimistic our global and national economy will steady itself, it is appropriate that we exercise caution going forward in our current economic environment right now.

Therefore, our 2023-25 Major Budget Policies will again require most state agencies to not seek any additional GPR-funded expenditures in either year of the upcoming biennium in their budget requests that are due on September 15, 2022. These requirements also extend to SEG-funded administrative operations for the Departments of Natural Resources and Transportation and the Lottery at the Department of Revenue.

Let me be clear, there is much more for us to do, and I plan to redouble our efforts to address issues that we hear about every day from our fellow citizens. Some, but far from all, of these items include appropriately funding a quality education for our children and young adults, expanding Medicaid and reducing the costs of prescription drugs, ending the far too long freeze on shared revenues by providing our local governments with the necessary fiscal resources to keep their communities safe, building upon our current successes in fixing our roads and providing tax credits to those that need them most to continue our economy recovery, including family caregivers, first-time homebuyers, veterans and those incurring child and dependent care expenses.

Your leadership of your respective agencies continues to be exemplary throughout these challenging times and I remain steadfast in my sincere appreciation for all that you do to move this state that we love so much forward each day.

Sincerely,

Tony Evers
Governor

MAJOR BUDGET POLICIES 2023-25

BUDGET TARGETS

- Agencies should prepare their 2023-25 biennial budget requests based on 100 percent of their fiscal year 2022-23 adjusted base.
 - All agencies should assume there will be zero growth in overall GPR appropriations in each fiscal year during the 2023-25 biennium, and specific program needs should be managed within this general constraint.
 - Exceptions will occur only for K-12 school aids; required basic cost-to-continue needs for the state's institutions, i.e., the Department of Corrections and the Department of Health Services institutions; entitlement and related assistance programs in the Department of Health Services (e.g., Medical Assistance), the Department of Children and Families' Division of Safety and Permanence, and the Department of Workforce Development's Division of Vocational Rehabilitation; and housekeeping adjustments like standard budget adjustments, fuel and utilities, and debt service.
- The zero growth policy will also apply to the SEG-funded administrative operations appropriations in all agencies that are supported by the transportation fund, the conservation fund, the environmental fund and the lottery fund.
- Funding requests for other types of appropriations and other funding sources in both years should be limited to revenue availability and only the highest priority programmatic needs.
- Except for standard budget adjustments, routine budget items should be handled in agencies' base budgets regardless of fund source.
- Agencies should not submit requests related to changes or charges that result from the State Transforming Agency Resources (STAR) project.
- In developing biennial budget requests, agencies should fundamentally review missions and priorities, exploring opportunities to reallocate resources, integrate programs and consolidate functions.

Note: All agencies should ensure both existing and newly proposed programs align with the agency mission and core work. Existing programs that are not core to the agency mission should be communicated to the State Budget Office during base budget review.

- Any areas needing additional staff must be met through base reallocations.
 - Exceptions will occur only for the Department of Safety and Professional Services.

Note: Agencies must receive approval from the State Budget Office before proposing to use funding sources in another agency to stay within budget targets, to absorb operations' reductions or to fund any new initiatives.

- Proposals that transfer functions or programs, including related costs and staff, between agencies should result in zero growth in overall state appropriations (i.e., the transferring agency should have lower overall appropriations to offset the increase at the receiving agency). All agencies involved in the transfer should notify the State Budget Office during the initial stages of considering any such proposal to facilitate review of the request and allocation of any projected savings between the agencies.

ACT 201 REQUIREMENTS

- All agencies, excluding the Legislature and the Courts, are required to include proposals for a state operations budget for their agency under each of the following scenarios:
 1. Meet a zero growth target in each fiscal year of the 2023-25 biennium.
 2. Reduce the agency's state operations budget by 5 percent from its fiscal year 2022-23 adjusted base in each fiscal year of the 2023-25 biennium.
- The budget proposal targets do not include federal appropriations or debt service appropriations.
- The targets do not allow for the exceptions listed in the Budget Targets Section above, other than standard budget adjustments.
- The targets must be achieved within the state operations portion of the agency's budget. Any proposed changes to local assistance or aids to individuals and organizations appropriations are not included in the calculation of whether an agency meets the targets.
- Agencies will be provided with agency-specific targets and a template for the proposal upon completion of the base reconciliation process, which sets the adjusted base.

BASE BUDGET REVIEW REPORTS

- Pursuant to s. 16.423, Wis. Stats, all state agencies, meaning any office, department or independent agency in the Executive Branch, the Legislature and the Courts, were required to submit a base budget review report no later than May 16, 2022.
- These reports will be summarized in the November 20 report and in the Governor's biennial state budget report to the Legislature.

PERFORMANCE MEASUREMENTS IN BUDGETING

- Agencies must report on the performance measures they identified for previous biennial budgets. These measures should relate to agencies' broad Chapter 20 budget programs. If needed to capture significant shifts in agency function, additional measures could be added; however, only a few measures should be presented so there is a clear focus on results.
- For the 2023-25 budget, agencies must report actual outcome measures through fiscal year 2020-21 and fiscal year 2021-22. Planned outcome measures should be listed for

fiscal year 2022-23, fiscal year 2023-24 and fiscal year 2024-25. Agencies should track and maintain data going forward to present actual performance data for a fiscal year compared to planned performance. A calendar year may be used if data are collected on that basis (please note where calendar years are used).

- The State Budget Office will include performance measures developed by an agency in the Executive Budget Book, and agencies should reference measures in decision items, where relevant.
- Agency descriptions and performance measures will be included in the state budget system and must be updated in that system. It is important for agencies to follow the prescribed format to ensure consistency and compatibility.

BUDGETING FOR INFORMATION TECHNOLOGY

Requests for funding of information technology projects should identify the link between the project and the state's business goals, conformity to the Department of Administration's Policies and Procedures for Information Technology Management, and provide specific information about each project, including executive sponsorship. Consistent with information technology strategic planning, project definitions must include a standard return on investment (ROI) calculation.

BUDGETING FOR DEPARTMENT OF ADMINISTRATION RATE CHANGES

Agencies should not reflect anticipated rate changes from the various divisions within the Department of Administration in their 2023-25 budget requests. Forecasting of rates and impacts on individual agency budgets will be addressed by the Department of Administration in developing the Governor's 2023-25 budget.

FEDERAL FUNDS

The state has a goal of increasing the ongoing receipt of federal funds where the use of federal funding is consistent with state program goals. In order to increase the amount of federal funds received, agencies should conduct the following review:

- Examine existing grant awards to ensure that they are fully utilized and consistent with agency priorities. If unexpended grant authority is available, the agency should reallocate the funds to other activities to the extent possible under state and federal rules.
- Agencies may also identify, in the form of a policy paper submitted on September 15, additional federal grant opportunities that were not included in the agency's request. Such opportunities may be considered for funding by the State Budget Office during budget deliberations.

STATUTORY LANGUAGE GUIDELINES

- Agencies should seek to limit policy items unrelated to appropriation changes for inclusion in the Governor's budget.

Note: Please contact your State Budget Office analyst to discuss whether a particular initiative is appropriate for submission as a budget request.

- Agencies should not submit extensive lists of technical or housekeeping changes for inclusion in the Governor's budget. Proposed changes for separate nonbudget legislation can be submitted to the State Budget Office for review and approval, separate from the budget request.

Note: Please contact your State Budget Office analyst if these types of changes are sought.

- Prior to September 15, agencies may work directly with the Legislative Reference Bureau in preparing statutory language items related to items which fit within the parameters of the budget instructions. After September 15, all drafting and redrafting requests related to the budget must come from the State Budget Office.
- When requesting drafts related to the budget from the Legislative Reference Bureau, agencies should submit memoranda identifying what they are seeking to accomplish.
- The detailed budget instructions will provide more information on statutory language submittal requirements.

BUDGET SUBMITTAL DUE DATES AND PROCEDURES

- Formal budget requests are due Thursday, September 15, 2022. Send four (4) copies to the State Budget Office and two (2) copies directly to the Legislative Fiscal Bureau.
- State Budget Office staff will be available to meet with individual agencies to explain budget policies and procedures, and discuss any agency concerns.

INFORMATION ON THE WEB

- The Budget Instructions will be available on the State Budget Office Web site at <https://doa.wi.gov/Pages/StateFinances/CurrentBiennialBudget.aspx>.
 - Periodic information updates will be posted to this Web site and the State Budget Office SharePoint site, so agencies should check these sites regularly.

DATE: For the Commission Meeting on August 30, 2022

TO: Members, Wisconsin Ethics Commission

FROM: Daniel A. Carlton, Jr., Administrator

SUBJECT: 2022 Annual Agency Report

FOR COMMISSION ACTION

For the 2022 Annual Agency Report, the Commission should:

1. Adopt the policies contained in the draft 2022 Annual Report; and
2. Approve the 2022 Annual Report.

Each year, the Commission is required to submit an annual report containing certain information to the Governor and Chief Clerk of each house of the Legislature no later than October 15. Attached to this memo is the draft of the 2022 Annual Agency Report. The substance of the report is largely unchanged from previous years' versions. However, the following changes have been made:

- The Recommendations for Potential Legislation has been updated to reflect that most of the prior recommendations were addressed through new laws. Any prior recommendations that were not acted on remain in this section. It also notes that the Commission will consider legislative recommendations for the next session at the October meeting.
- The performance data table on page 7 has been updated to include FY 2022 performance statistics and the goals for the next couple of years have been revised.
- The summaries of opinions section was updated to provide brief summaries of all opinions issued in the last fiscal year.
- The investigations section was updated to advise of completed investigations in the last fiscal year.

The policies in the appendices remain the same as they have been for the last several years.

This agenda item requires two steps. First, it requires a motion to readopt the policies contained therein. Second, assuming the Commission approves of the draft, it requires a motion to approve the 2022 Annual Agency Report. Prior to submission, staff will perform one additional review for formatting issues or typographical errors. Any such errata will be fixed. However, no substantive changes will be made after approval by the Commission.

Agency Description

The Commission is comprised of six members, who serve for 5-year terms. One member is appointed by the Senate Majority Leader; one appointed by the Senate Minority Leader; one appointed by the Speaker of the Assembly; one appointed by the Assembly Minority Leader; and two are individuals who formerly served as judges for a court of record in this state, who were elected to the positions in which they served, and who are nominated by the Governor with the advice and consent of a majority of the members of the Senate confirmed. A detailed description of the appointment of Commissioners is provided in WIS. STAT. § 15.62. The transition plan from the Government Accountability Board to the Ethics Commission put forth by the Department of Administration established a rotational term schedule of the Commissioners. The Commission elects a chair and vice-chair from its members by a majority vote.

The Administrator serves as the agency head and is responsible for the daily operations of the Commission. The Commission Administrator and staff are non-partisan. The agency has a staff of 4.70 GPR and 3.30 PR full-time employees. The Commission administers and enforces Wisconsin law pertaining to campaign finance (Wisconsin Chapter 11), lobbying (Wisconsin Chapter 13, Subchapter III), and the Code of Ethics (Wisconsin Chapter 19, Subchapter III). The duties of the Ethics Commission are codified in WIS. STAT. §§ 11.1304, 13.685, and 19.48.

Additional information about the Commission, its members and staff, meetings, and resources provided to the public is available on the Ethics Commission's website at <https://ethics.wi.gov>.

Commission activities are arranged by five general functions:

1. General administration;
2. Assistance to state public officials, candidates, lobbyists, principals, political committees and officeholders;
3. Assistance to local governments;
4. Education and training; and
5. Enforcement.

Within these functional areas, the Commission develops policy, issues formal and informal opinions, promulgates administrative rules, prescribes procedures and forms, audits disclosure reports, carries out investigations, conducts hearings and reviews appeals, brings civil actions to assess forfeitures, and performs related activities.

The Commission has four general program areas which are described below:

Campaign Finance

Wisconsin campaign finance law requires candidates for state public office, party committees, political action committees, referenda committees, and independent expenditure committees to register with the Commission, disclose campaign receipts and disbursements, and abide by certain contribution limits and prohibitions. The Commission is responsible for auditing campaign finance reports, enforcing registration and reporting requirements, and enforcing source restrictions and contribution limits. Information is available to the public on the Commission's website: <https://ethics.wi.gov/campaign-finance>, and through <https://cfis.wi.gov>.

Lobbying

Wisconsin lobbying law regulates registration of businesses, organizations, and individuals that attempt to influence government decisions. Registrants must identify who lobbies on their behalf, issues in which they have an interest, and provide other information, all available to the public on the Commission's website: <https://ethics.wi.gov/Pages/Lobbying/LobbyingOverview.aspx>, and <https://lobbying.wi.gov/>.

Ethics

The Commission fosters ethical conduct of public officials by advising them about ethics laws and providing information about officials' financial interests to identify any potential conflicts of interest. State public officials file annual Statements of Economic Interests with the Commission, and the trustees and staff of the State of Wisconsin Investment Board file quarterly reports. Information regarding the Commission's ethics-related activities is available to the public on the Commission's website: <https://ethics.wi.gov/Pages/Ethics/Ethics.aspx>, and <https://sei.wi.gov/>.

State Purchasing

The Contract Sunshine program was mandated by the Legislature to allow the public to view the process state agencies use to procure goods and services from vendors. That requirement was repealed during the 2021 Legislative Session. The Commission still maintains information about that requirement on its website. However, that information may be removed in the future. Additional information about the program is available on the Commission's website: <https://ethics.wi.gov/Pages/Ethics/ContractSunshine.aspx>.

2. 19.47(2). *The administrator shall appoint such other personnel as he or she requires to carry out the duties of the Commission and may designate an employee of the Commission to serve as legal counsel of the Commission.*

The Administrator has designated the staff attorney to serve as legal counsel of the Commission. The Administrator also makes all other staffing decisions for the Commission.

3. 19.47(2). *The administrator shall perform such duties as the Commission assigns to him or her in the administration of ch. 11, subch. III of ch. 13, and this subchapter.*

The Commission has approved the Administrator's position description and can decide to review the Administrator's performance at any time.

4. 19.47(2). *Neither the Commission nor any member or employee of the Commission, including the Commission administrator, may file a sworn complaint for purposes of this subsection.*

The Administrator is responsible for reviewing all complaints received by the Commission and does not file complaints, nor accept them from Commissioners or staff.

5. 19.49(2)(b)4. *If the Commission authorizes the administrator to investigate any matter without retaining a special investigator, the administrator shall make periodic reports to the Commission, as directed by the Commission, but in no case may the reporting interval exceed 30 days.*

The Commission and the Administrator are aware of this requirement and include it in the Commission's adopted complaints and investigations procedures. The Commission has complied with this requirement when applicable.

6. *19.49(2)(b)4. During the pendency of any investigation, the Commission shall meet for the purpose of reviewing the progress of the investigation at least once every 90 days. The special investigator or the administrator shall report in person to the Commission at that meeting concerning the progress of the investigation.*

7. *19.49(2)(b)4. Unless an investigation is terminated by the Commission, at the conclusion of each investigation, the administrator shall present to the Commission one of the following:
 - a. A recommendation to make a finding that probable cause exists to believe that one or more violations under subd. 1. have occurred or are occurring, together with a recommended course of action.
 - b. A recommendation for further investigation of the matter together with facts supporting that course of action.
 - c. A recommendation to terminate the investigation due to lack of sufficient evidence to indicate that a violation under subd. 1. has occurred or is occurring.*

The Commission and the Administrator are aware of this requirement and include it in the Commission's adopted complaints and investigations procedures. The Commission has complied with this requirement when applicable.

9. *19.49(2)(b)5.a. In such case, the administrator may request the assistance of special counsel to prosecute any action brought by the Commission. If the administrator requests the assistance of special counsel with respect to any matter, the administrator shall submit to the Commission the names of 3 qualified individuals to serve as special counsel. The Commission may retain one of the individuals to act as special counsel.*

The Commission and the Administrator are aware of this requirement and include it in the Commission's adopted complaints and investigations procedures. The Commission has complied with this requirement when applicable.

10. *19.49(2)(b)10. The commission shall, by rule, prescribe categories of civil offenses which the commission will agree to compromise and settle without a formal investigation upon payment of specified amounts by the alleged offender. The Commission may authorize the administrator to compromise and settle such alleged offenses in the name of the Commission if the alleged offenses by an offender, in the aggregate, do not involve payment of more than \$2,500.*

The Commission has promulgated WIS. ADMIN. CODE ETH 26 pursuant to this directive. At its meeting on December 8, 2020, the Commission authorized the Administrator to issue standard settlements consistent with ETH 26.

11. 19.49(2)(b)11. *If a special investigator or the administrator, in the course of an investigation authorized by the Commission, discovers evidence that a violation under subd. 1. that was not within the scope of the authorized investigation has occurred or is occurring, the special investigator or the administrator may present that evidence to the Commission. If the Commission finds that there is a reasonable suspicion that a violation under subd. 1. that is not within the scope of the authorized investigation has occurred or is occurring, the Commission may authorize the special investigator or the administrator to investigate the alleged violation or may elect to authorize a separate investigation of the alleged violation as provided in subd. 3.*

The Commission and the Administrator are aware of this requirement and include it in the Commission's adopted complaints and investigations procedures. The Commission has complied with this requirement when applicable.

12. 19.49(2)(b)12. *If a special investigator or the administrator, in the course of an investigation authorized by the Commission, discovers evidence of a potential violation of a law that is not administered by the Commission arising from or in relation to the official functions of the subject of the investigation or any matter that involves campaign finance, ethics, or lobbying regulation, the special investigator or the administrator may present that evidence to the Commission. The Commission may thereupon refer the matter to the appropriate district attorney specified in subd. 9. or may refer the matter to the attorney general. The attorney general may then commence a civil or criminal prosecution relating to the matter.*

The Commission and the Administrator are aware of this requirement and include it in the Commission's adopted complaints and investigations procedures. The Commission has complied with this requirement when applicable.

Organizational Chart

Recommendations for Potential Legislation

During the 2021 Legislative Session, most of the Commission’s legislative recommendations to date were addressed through enactment of three laws (2021 Act 265, 2021 Act 266, and 2021 Act 267). The Commission wishes to thank the Legislature for addressing these recommendations and the Governor for signing them into law. There are a few remaining recommendations that have not yet been addressed. The Ethics Commission approved these recommendations at prior meetings and readopted them at its meeting on August 18, 2020. Commission staff is available to assist Legislators and their staff regarding any of the potential changes addressed herein, as well as any other potential changes to the statutes that the Commission administers. The following are those recommendations:

Campaign Finance (Chapter 11, Wisconsin Statutes)

1. Pursuant to WIS. STAT. § 11.1208(2)(a), committees are prohibited from making disbursements for a “strictly personal use.” However, there is no definition of “strictly personal use” in the statutes. The Commission has generally followed the federal “personal use” standard, understanding that inclusion of “strictly” means that Wisconsin law may be more permissive than the federal law. The Commission recommends that the phrase “strictly personal use” be defined.
2. Pursuant to WIS. STAT. §§ 11.1400(5) and 11.1401(2), the Ethics Commission must act and make a probable cause determination prior to a district attorney acting on a campaign finance related complaint. However, both statute and a prior opinion of the Attorney

General contradict this and state that the Commission and District Attorneys have co-equal jurisdiction. *See* WIS. STAT. § 978.05 and OAG 10-08. The Commission has previously recommended that these provisions of Ch. 11 be amended to reflect the coequal jurisdiction of the Commission and district attorneys.

3. A 527 organization or PAC registered in Wisconsin must abide by certain source restrictions. Specifically, WIS. STAT. § 11.1112 prohibits contributions from corporations, associations, labor unions, or federally recognized American Indian Tribes. However, it is not clear whether these source restrictions apply to a 527 organization or PAC that is not required to register in Wisconsin but chooses to make contributions to Wisconsin committees. The Commission has recommended that the Legislature clarify whether unregistered entities making contributions are required to abide by the source restrictions in WIS. STAT. § 11.1112.
4. Currently, the provisions of Chapter 11 require a post-election report after a special election unless a continuing report is due within 45 days after the special election. The Commission has previously recommended removing this requirement and requiring that information be reported on the next continuing report. Alternatively, the Commission recommended to remove this requirement as to conduits because they do not file election-related reports.
5. WIS. STAT. § 11.1106(3) requires the filing officer of a conduit to place a copy of contributions reported in a file for both the conduit and the recipient committee. The Commission is the only filing officer for all conduits. These reports are filed in the Campaign Finance Information System and are readily accessible to anyone. Therefore, this requirement is no longer necessary.
6. In response to RA-2018-001, regarding the use of cryptocurrencies for campaign contributions and disbursements, the Ethics Commission decided to exercise the option granted by WIS. STAT. § 19.46(2)(c)(4) to refer the matter to the standing legislative oversight committees. On May 4, 2018, the Commission sent letters to the Senate Committee on Elections and Local Government and the Assembly Committee on Constitution and Ethics detailing the Commission's concerns on this matter.

The Commission is scheduled to meet on October 18, 2022. As part of that meeting, it is anticipated that the Commission will consider its legislative recommendations for the 2023 Legislative Session. The Commission may reconsider some or all of the foregoing recommendations at that time.

Determinations and Advisory Opinions Issued Under WIS. STAT. § 19.46(2)

The table below provides a summary of requests for advisory opinions the Commission has received between July 1, 2021, and June 30, 2022. Below each request is a summary of the Commission's determinations and any advisory opinion issued related to that request, where applicable.

Request #	Description	Type
RA-2021-21	Payments Concerning Sale of Lobbying Firm	Informal Opinion
The laws within the Commission's jurisdiction do not prohibit an individual that may become a candidate for a state public office from selling his business. Nor do they prohibit the individual from collecting annual contractual payments for the sale of that business, even if the individual becomes a candidate. Further, if the individual becomes a candidate for a state public office, the		

individual may remain employed with the business while the individual is a candidate for state public office.		
RA-2021-22	Costs of Mixed Purpose State Business/Campaign Trip	Informal Opinion
<p>The laws within the Commission’s jurisdiction require a state public official taking a one-day trip that has both state business and campaign business to pay the round-trip cost of the state fleet vehicle even if the official returns to the official’s city in a separate, privately-owned vehicle. Further, the official may travel in paid campaign staff’s personal vehicle without violating the ethics laws. However, the campaign should pay the costs of gas/mileage to ensure that transportation is being provided by the committee.</p>		
RA-2021-23	50 Piece Rule Application to Local Official Not Seeking Re-Election	Informal Opinion
<p>The advice sought was whether an individual, who at the time of the request, was a County Board Supervisor and Wisconsin State Representative was subject to the 50-piece rule applicable during the 2022 Spring Election, even though the official had filed a declaration of non-candidacy, did not plan to circulate nomination papers, closed the County Supervisor candidate committee bank account, and filed a termination report with the filing officer. The official was seeking re-election to the State Representative seat in the Fall 2022 election. It is the opinion of the Commission that as an individual who holds the offices of both County Board Supervisor and Wisconsin State Representative, the official became a candidate as she was seeking re-election for her State Assembly seat and raised and spent money for this re-election. As such, the 50-piece rule applies to you for the Spring 2022 election.</p> <p>At the time of the request, the official advised that she would not be seeking re-election for a seat on the ballot in the Spring 2022 election and would not be on the primary ballot. Therefore, the official would be prohibited from using any public funds for materials or distribution of 50 or more pieces of substantially identical material from December 1, 2021, the date which spring candidates may begin circulating nomination papers, through April 1, 2022, the date of the Spring 2022 Primary. If the official decided to file nomination papers for the County Supervisor position, she was advised to request further advice from the Commission, as the 50-piece rule window would change.</p>		
RA-2021-24	Conflict of Interest of Chancellor	Informal Opinion
<p>It is the opinion of the Commission’s staff that the state code of ethics does not prohibit a state public official from accepting a position as a board member for a bank. As discussed above, WIS. STAT. § 19.45(2) and WIS. STAT. § 19.46(1)(b), do not prohibit a state public official from accepting the board position, because the state public official did not use her office to obtain the offer of the board position. Additionally, as there were no facts to demonstrates that the state public official was using her position to provide or produce a financial gain or something of substantial value for the benefit of herself or the bank. Should the state public official decide to accept the board member position, Commission staff advised that she should be mindful to avoid using your position or public resources for the bank’s benefit. The state public official should also be mindful of potential conflicts of interest. Furthermore, the state public official should refrain from taking official action on any matters in which bank has a financial interest to avoid violating the provisions in WIS. STAT. § 19.46(1)(a). Finally, WIS. STAT. § 19.45(3) does not prohibit the state public official’s acceptance of the position because it does not appear to be a reward for official action or inaction. Nor is it reasonably expected to influence her official actions unless circumstances change from the facts that were provided. If the state public official accepts the board member position and any circumstances arise in your time as a board member, where there</p>		

is a nexus between your service with the bank and her service as state public official, she was encouraged to contact the Commission for guidance.

RA-2021-25 Lobbyist Contributions to Legislative Staff Running for Local Office Informal Opinion

The lobbying laws do not prohibit a lobbyist from giving a personal campaign contribution to a legislative staff member that is a candidate for a local public office. The legislative staff member is “legislative employee,” not a “partisan elective official” or “candidate for partisan office.” Further, it would not violate the code of ethics because the lobbyist was a long-time friend and it appeared that the exception in [WIS. STAT. § 19.56\(3\)\(b\)](#) applied. Finally, as there was no apparent quid pro quo, it did not appear that [WIS. STAT. § 19.45\(13\)](#) would be violated if the contribution was accepted.

RA-2021-26 Local Official Use of Picture with County Seal for Campaign Literature Informal Opinion

The requestor, a local public official, sought advice on whether he could use a photograph taken by a private individual, that captured him at a press conference where he was acting in his official role and standing behind a podium with the county seal, may be used for campaign literature. It is the opinion of the Commission that use of a photograph is a use of office to obtain something of substantial value for your private benefit. However, [WIS. STAT. § 19.59\(1\)\(a\)](#), provides an exception that a local public official may use the title or prestige of office to obtain campaign contributions that are permitted and reported as required by Wisconsin campaign finance laws. If the campaign materials that include this photograph are for the purpose of obtaining campaign contributions, then this exception will apply, and you may use the photograph.

RA-2021-27 Legislative Staff Accepting Outside Employment Informal Opinion

The lobbying law does not prohibit a legislative staff member from accepting outside employment with a consulting agency that is not a lobbying principal. Further, the ethics laws do not prohibit the legislative staff member from accepting employment with the consulting agency. There was no indication that the position is being given because of the legislative staff member’s service to the Legislature or that it could reasonably be considered a reward for past action.

RA-2021-28 Reporting of Joint Ads Formal Opinion (2022 ETH 01)

The following two scenarios were presented with this requested for advice:

1. The cost of the advertising is split by the two campaign committees.
 - a. We assume each committee would report a disbursement equal to their committee’s actual cost.
 - b. Does each candidate committee also need to recognize an “in-kind” contribution from the other in this case? (If so, this seems to somewhat limit the ability of the committees to pursue such joint efforts since the contribution limit between two local candidate committees may be reached quickly.)
2. The cost of an ad is paid for by Candidate Committee A, but Candidate Committee B is consulted about and approves the ads, which say, “Vote for A and B.”
 - a. Presumably, Candidate Committee B needs to report an in-kind contribution, but in what amount—50% of the cost of the ad? 100%?
 - b. What about Candidate Committee A’s expenditure report? How would this committee reflect the expenditure?
 - c. It appears that the contribution limit between two local candidate committees would apply.

Additionally, the requester sought advice on how the potential in-kind contributions would affect contribution limits.

It is the opinion of the Commission that when candidate committees purchase a joint ad and share the cost of such ad, there is an exchange of in-kind contributions between the candidate committees for the portion they did not pay. Similarly, when candidate committees agree to a joint ad and one candidate committee pays for the full cost for the other committee(s), there is an in-kind contribution disbursed by the candidate committee paying for the ad and an in-kind contribution being received by the other committee(s) participating in the joint ad. The exchanged in-kind contributions count towards the contribution limits. Additionally, the exchanged in-kind contributions must be considered in determining whether the committees will exceed the threshold to remain on exempt status.

RA-2021-29	Participation as a Panelist at a Conference	Informal Opinion
------------	---	------------------

A legislator is advised of the permissible ways to attend a conference. The legislator was advised that she could pay for the conference expenses from personal funds, pay from her candidate committee, or that there were several exceptions to the ethics laws that could apply to permit her to accept those costs from the conference host/sponsor.

RA-2021-30	Blanket Authorization for Release of Conduit Funds	Informal Opinion
------------	--	------------------

As stated above, it is the opinion of the Commission that use of the proposed form provided with this request for advice does not meet the requirements provided in [WIS. STAT. § 11.0701\(3\)](#) and [WIS. ADMIN. CODE. ETH 1.855](#). The Commission advises that the conduit may utilize a preauthorization form as long as it abides by the requirements in [WIS. STAT. § 11.0701\(3\)](#) and [WIS. ADMIN. CODE. ETH 1.855](#). A pre-authorization form must identify the candidate and the specific amount of the contribution.

RA-2021-31	Acceptance of Scholarship for Certificate Program	Informal Opinion
------------	---	------------------

A legislator is advised that she could not accept a scholarship to attend an out-of-state certificate program because, based on the conference schedule, it did not appear that she could prove by clear and convincing evidence that the conference was primarily for the benefit of the state and not the private benefit of the legislator. However, the Commission advises that the legislator could use funds from her candidate committee to attend the conference.

RA-2022-01	Acceptance of Volunteer Services	Informal Opinion
------------	----------------------------------	------------------

The Commission declined to issue guidance concerning whether a legislator could accept free volunteer services because it was not clear that the legislator could prove by clear and convincing evidence that the services were being provided primarily for the benefit of the state and not the personal benefit of the legislator. The legislator was advised that, in the event a complaint is filed, the legislator will have the burden to prove by clear and convincing evidence that the services were being provided primarily for the benefit of the state and not the personal benefit of the legislator.

RA-2022-02	Provision of Volunteer Service and Acceptance of Funds from Online Donation Campaign	Informal Opinion
<p>The Commission declined to issue guidance concerning whether a state public official could provide another state public official volunteer services because it was not clear that the Requestor could prove by clear and convincing evidence that the services were being provided primarily for the benefit of the state and not the personal benefit of the state public official. Further, the state public official was advised that, under the circumstances, the official could not accept funds raised in an online donation campaign.</p>		
RA-2022-03	State Public Official Starting a New Non-Profit Organization	Informal Opinion
<p>A state public official was advised that the laws within the Commission’s jurisdiction do not prohibit him from starting a new non-profit organization. The official was given general guidance concerning solicitation and certain other conduct. The official was advised to contact the Commission for guidance on specific circumstances.</p>		
RA-2022-04	Conflict of Interest	Informal Opinion
<p>An agency official may not solicit or accept anything of pecuniary value from a lobbyist or lobbying principal except as specifically provided. The official may solicit from other persons if the official does not use his or her position, title, or the prestige of office. The official may also include reference to the official’s position in his or her biography or resume so long as there is no evidence that the official is seeking to obtain financial gain by use of his or her title or the prestige of public office. Finally, the official is advised to avoid soliciting or accepting anything of more than nominal value from persons that may have a special or specific interest in a matter that is likely to be before the official’s agency.</p> <p>While there were not any facts described in the request that would prohibit the official from generally participating in official action relating to the statewide regulation of the topic identified in the request, the official is encouraged to contact the Commission for further advice prior to any official action that may have a significant or disparate impact on the financial interests of the official, his or her immediate family, or organizations with which the official is associated.</p>		
RA-2022-05	Contribution Limits -WITHDRAWN	No Opinion Issued
<p>Request withdrawn by the Requestor. No opinion issued.</p>		
RA-2022-06	Legislative Staff Accepting Outside Employment	Informal Opinion
<p>Based on the information provided, it does not appear that the ethics laws would prohibit a legislative staff member from accepting employment with an employer while working for your Representative between now and the end of his term. Nothing in the request, or discussed in our phone calls, indicates that the legislative staff member is being given this opportunity because of his position. Further, there is no indication that this opportunity would reasonably be expected to influence your official actions. Nor is there any indication that it could reasonably be considered a reward for his official actions. Should any legislative matter arise involving the employer arise during that time, he should refrain from participating in that matter without first contacting the Commission. While working for both the Coalition and the Representative, he was advised to be mindful of the laws within the Commission’s jurisdiction.</p>		
RA-2022-07	Redistricting Litigation Attorneys Fees – Campaign Funds/Acceptance of Funds	Informal Opinion
<p>A legislator was advised that she could use candidate committee funds to pay for attorneys fees related to her participation in redistricting litigation. The Commission declined to issue guidance on whether she could personally accept funds for those costs.</p>		

RA-2022-08	Creation of a Nonprofit Foundation	Informal Opinion
While it is permissible for the official to create a nonprofit foundation, the Commission advised that certain names for the organization may be prohibited by the ethics laws.		
RA-2022-09	Lobbying Principal Communication Activities and Lobbying Activity Exemption	Informal Opinion
It is the opinion of the Commission that the communications described in your request fall within the definition of lobbying, the communications appear to qualify under the exemption in WIS. STAT. § 13.621(1)(a) . The communications to be disseminated through the principal's email list may be considered a periodical or a public address to an audience made up principally of persons other than legislators or agency officials. As such, the dissemination of the communications would not trigger any licensing requirements for the non-lobbyist employees, or authorization or reporting requirements for the principal. If the communications in question are taken out of the e-newsletter and/or not disseminated through the email list, then such communications may not be covered by the exemption. In this case, the principal should seek further guidance from the Commission.		
RA-2022-10	Use of Campaign Funds for Legal Services	Informal Opinion
A legislator can pay for certain legal services from his candidate committee where they are clearly connected to his public service and would not, therefore, be considered a strictly personal use. The legislator is advised to report the transactions from the candidate committee as required by law.		
RA-2022-11	Publishing an eBook	Informal Opinion
<p>The subject matter of the eBook is campaigning for public office. However, the official indicated that the publication or sale of the eBook would not be conducted through the official's candidate committee or be used in any way to promote the official's campaign. As such, Wisconsin's campaign finance laws are not implicated. Additionally, the official affirmatively asserted that the official is not employed by any state governmental agency and otherwise does not appear to fit the definition of an agency official, so the lobbying laws also appear inapplicable. <i>See</i> WIS. STAT. § 13.62(3). However, a local public official is subject to the restrictions of the code of ethics for local public officials. <i>See</i> WIS. STAT. § 19.59(1)(a) and (c)2.</p> <p>These two provisions would prohibit a local public official from using his or her title or any public resource to produce or assist in the production of a substantial benefit, or to obtain financial gain or anything of substantial value, for the official's private benefit, the private benefit of an immediate family member, or the private benefit of an organization with which the official is associated. The creation, publication, and sale of an eBook, of which the official would retain the proceeds, is clearly a substantial benefit, a financial gain, or something of substantial value to the official privately. However, the official advised that he or she will not make any reference to his or her public positions or titles, or use any other resources provided to the official as a result of his or her public positions to create, publish, or sell the eBook. As such, these provisions do not appear to bar the official from creating, publishing, or selling an eBook as there would not be any use of office or position for those activities.</p>

Forfeitures received are transferred through the Department of Administration and the Bureau of Public Lands to the Common School Fund.

Appendix B: Nonpartisan Staff Policy

The staff of the Ethics Commission shall be nonpartisan pursuant to WIS. STAT § 19.47(10). Political neutrality is imperative so staff can maintain the confidence of the Commission, the individuals and organizations that the Ethics Commission regulates, and the public. Therefore, all staff members are prohibited from participating in any political activity that compromises the ability of that person to discharge with neutrality, efficiency, and integrity his or her duties and obligations to the Commission.

Employees who wish to participate in any political activities shall disclose their intentions to the Administrator. If the Administrator decides an employee's involvement may reasonably compromise the employee or the Commission, the Administrator will review the situation and make a determination as to whether the involvement in the political activity is appropriate. The Administrator may also authorize employees to participate in certain activities that have a business purpose consistent with the agency's mission, that have historical significance, or are merely collateral to a prohibited political activity.

Employees are strongly encouraged to consult with the Administrator prior to any activity that may be perceived as compromising the employee's ability to objectively perform their official responsibilities.

In addition to the provisions of WIS. STAT. § 230.40, prohibited activities include, but are not limited to the following:

1. Being a candidate for any partisan office (national, state, or local).
2. Being a member of any national, state, or local political party.
3. Directly or indirectly soliciting, receiving, or making contributions to any political party or partisan candidate for public office.
4. Soliciting votes in support of or in opposition to any party or partisan candidate for public office.
5. Circulating or signing nomination papers or petitions, including recall petitions, for partisan political office.
6. Serving as an agent of any political party or partisan candidate in any capacity (e.g., polling place observer, delegate, partisan poll worker, or get out the vote activities).
7. Publicly supporting or opposing a partisan candidate for public office or political party office in a political advertisement, broadcast, campaign literature, or similar material.

Seeking Elective Office

Any employee who wishes to run for partisan elective office must take an unpaid leave of absence effective from the time nomination papers can first be circulated and must resign (or be terminated) if and when such nomination papers are filed.

Any employee who files a campaign registration statement to register as a candidate for partisan elective office prior to the time that nomination papers can first be circulated shall report that filing to the Administrator, who shall place the employee on unpaid leave until the nomination papers are filed or until the employee is no longer a candidate for partisan office.

In addition to avoiding partisan activities, staff should also avoid running for nonpartisan office if the Commission is the filing officer for that contest. This would put the staff member in the position of enforcing campaign finance regulations upon her or his own committee, or against potential opponents. Any employee seeking a nonpartisan office where the Commission is the filing officer is required to take an unpaid leave of absence from the time the employee files a campaign registration statement until the employee is no longer a candidate. If the employee is elected, the employee shall resign or be terminated.

Appendix C: Delegation of Authority for Informal Advisory Opinions Policy

The Ethics Commission is required by WIS. STAT. § 19.47(9)(a) to report adopted policies to the appropriate standing committees of the Legislature under WIS. STAT. § 13.172(3). At its meeting on March 7, 2017, the Ethics Commission adopted a policy to authorize the Commission Administrator or his or her designee to issue an informal written advisory opinion, consistent with WIS. STAT. § 19.46(2)(b). That section of the statutes states the following:

(b)

- 1. The commission may authorize the commission administrator or his or her designee to issue an informal written advisory opinion or transmit an informal advisory opinion electronically on behalf of the commission, subject to such limitations as the commission deems appropriate. Every informal advisory opinion shall be consistent with applicable formal advisory opinions issued by the commission, statute or other law, and case law.*
- 2. Any individual may request in writing, electronically, or by telephone an informal advisory opinion from the commission under this paragraph. The commission's designee shall provide a written response, a written reference to an applicable statute or law, or a written reference to a formal advisory opinion of the commission to the individual, or shall refer the request to the commission for review and the issuance of a formal advisory opinion.*
- 3. Any person receiving an informal advisory opinion under this paragraph may, at any time, request a formal advisory opinion from the commission on the same matter.*

Additionally, WIS. STAT. § 19.46(2)(a)4 requires the Administrator to report the issuance of informal opinions to the Commission and the options the Commission may exercise upon receiving such a report:

- 4. At each regular meeting of the commission, the commission administrator shall review informal advisory opinions requested of and issued by the administrator and that relate to recurring issues or issues of first impression for which no formal advisory opinion has been issued. The commission may determine to issue a formal advisory opinion adopting or modifying the informal advisory opinion. If the commission disagrees with a formal or informal advisory opinion that has been issued by or on behalf of the commission, the commission may withdraw the opinion, issue a revised formal or informal advisory opinion, or request an opinion from the attorney general. No person acting after the date of the withdrawal or issuance of the revised advisory opinion is exempted from prosecution under this subsection if the opinion upon which the person's action is based has been withdrawn or revised in relevant degree.*

Adopted Policy Delegating Authority to Issue Informal Opinions

1. The request for an informal opinion must be received in writing (e.g., email, or a typed or written letter).
2. The issuance of an informal opinion must be provided in writing (e.g., email, or a typed or written letter).
3. Every informal opinion issued shall be consistent with all applicable formal advisory opinions issued by the Commission, statute or other law, and case law as required by WIS. STAT. § 19.46(2)(b)1; as well as United States and Wisconsin constitutional law.
4. The Commission Administrator, or the Staff Counsel upon delegation by the Administrator, may issue an informal opinion consistent with the policy adopted by the Commission

How to Request an Informal Advisory Opinion

We recommend that requests for informal advisory opinions explicitly state that an informal opinion is requested. Requesters should also provide as much detail as possible regarding the facts and circumstances related to the request to ensure that the opinion provided sufficiently addresses the matter. Requests can be directed to the Administrator or Staff Counsel, directly, or to the agency in general. Contact information for the Administrator, Staff Counsel, and the agency is available on our website here: <https://ethics.wi.gov/Pages/AboutUs/ContactUs.aspx>.

Appendix F: Statements of Economic Interests Standard Settlement Schedule and Waiver Policy

This document sets out clear written procedures for enforcing the requirement for state public officials to file Statement of Economic Interests by the statutory deadlines set out in WIS. STAT. § 19.43. The Commission's authority for initiating settlement offers is set out in WIS. STAT. § 19.49(1)(b). The primary interest of the Commission is providing timely and accurate economic information to the public, and collection of penalties is secondary to that goal. In assessing penalties and offering settlements for violations, the Commission may consider mitigating or aggravating circumstances, such as the number of previous offenses and the nature of the official's position, and may modify procedures and penalties accordingly. This schedule is codified at WIS. ADMIN. CODE ETH 26.

Filing of Statements of Economic Interests, WIS. STAT. § 19.43.

Requests for Extensions of time under WIS. STAT. § 19.43(8)

By statute, officials may request an extension of the deadline to file a Statement of Economic Interests. When an official requests an extension, staff will ask for the request in writing. For reasons of administrative efficiency, staff will grant requests for extensions for 15 days or less. If the official's request is for more than a 15-day extension, staff will grant an extension of 15 days and inform the official that their request for further extension will be presented at the next Commission meeting, along with information on when the official's Statement was filed. If the Commission grants the request for further extension, no penalty will be assessed. If the Commission denies the request for further extension, and the official filed a Statement more than 15 days after the original deadline, the official will be assessed a penalty for late filing under section (d). Staff will not grant extensions to candidates for office required to file a Statement under WIS. STAT. § 19.43(4).

Requests for Waivers under WIS. STAT. § 19.43(8)

When an official requests a waiver from filing all or part of their Statement, staff will ask for the request in writing. Staff will inform the official that their request for waiver will be presented at the next Commission meeting, along with information on whether part or all of the official's Statement has been filed. If the Commission grants the request for waiver, the official will not be required to file the portion of the Statement that was waived. If the Commission denies the request for waiver, the official will be notified of that denial. If the official fails to file all required information within 15 days of that notification, penalties will be assessed under section (d).

Failure to Timely File by Candidates for State Public Office under WIS. STAT. § 19.43(4)

A candidate required to file a Statement that fails to meet the deadline set out in WIS. STAT. § 19.43(4) will be denied ballot placement. No financial penalty will be assessed.

Failure to Timely File by Officials and Nominees under WIS. STAT. § 19.43(1), (2) and (3)

If an official or nominee is required to file a Statement by WIS. STAT. § 19.43(1), (2), or (3) and fails to file a Statement within 15 days after written notice from staff, the recommended settlement amount will be \$100. This penalty will increase by \$100 every two weeks, up to a maximum of \$500. If any filer disputes the recommended settlement amount, the issue will be brought to the commission for a decision. In addition, if an official or nominee fails to file a statement within 30 days, staff will notify the officials identified in WIS. STAT. § 19.43(7), and instruct the employer to withhold compensation to the individual until the Statement has been filed.

Type of Official	Calendar Days Late	Result
Candidate	0+	N/A – Candidate denied ballot placement
Other Official	0-15	Warning
Other Official	16+	\$100 plus \$100 every 15 calendar days
Other Official	30+	Compensation temporarily withheld per § 19.43(7)

Standards for waiver of financial disclosure requirements

Introduction

Wisconsin’s Code of Ethics for State Public Officials requires approximately 2,500 state officials to file a Statement of Economic Interests on an annual basis. WIS. STAT. §§ 19.43 and 19.44. In general, the requirement applies to all state elected officials, top agency management, legislative service agency employees, and all gubernatorial appointments requiring Senate confirmation, as well as to candidates for state elective office.

The purpose of financial disclosure is twofold: (1) To give the public confidence that a state official is not acting in matters in which the official has a personal financial interest; and (2) To annually make an official think about the official’s economic ties so that the individual may avoid conflicts.

Nonetheless, WIS. STAT. § 19.43(8) provides that the Ethics Commission may waive any financial disclosure requirement:

WIS. STAT. § 19.43(8) On its own motion or at the request of any individual who is required to file a statement of economic interests, the commission may extend the time for filing or waive any filing requirement if the commission determines that the literal application of the filing requirements of this subchapter would work an unreasonable hardship on that individual or that the extension of the time for filing or waiver is in the public interest. The commission shall set forth in writing as a matter of public record its reason for the extension or waiver.

The Commission adopts and will apply the following considerations on a case-by-case basis in determining whether to grant a waiver of any disclosure requirement.

The position held by the official requesting a waiver.

Elected officials – Because such individuals generally exercise broad powers and in choosing whether to run for office an individual can take financial disclosure requirements into consideration, the Commission will closely scrutinize whether it will grant a waiver.

Full-time appointed officials – Because top management officials also exercise broad powers, albeit in narrower areas than elected officials, the Commission will closely scrutinize whether it will grant a waiver.

Part-time appointed officials – Part-time officials do not exercise the broad powers that elected and full-time officials do. They generally oversee commissions with limited jurisdiction and are more likely than full-time officials to have other jobs and active business interests. Such individuals' service on state commissions is a public service for which they receive little remuneration and, if disclosure would interfere with an individual's perceived ability to carry on the individual's private economic endeavors, it could lead to an unwillingness to serve.

Employees with limited decision-making power – Some agencies, such as the Ethics Commission, The Elections Commission, the Wisconsin Economic Development Corporation, the Legislative Audit Bureau, and the Wisconsin Housing and Economic Development Authority, require all employees, or all non-clerical employees, to file a statement. These employees may have relatively little control over regulatory and financial matters, and waiver may present less of a threat to the public interest.

For any official, the Commission will heavily weigh the relationship between the official's governmental duties and the nature of the economic interests that the official does not want to disclose.

The importance of confidentiality with respect to the economic interest ought to be protected.

While the Code of Professional Conduct does not prohibit an attorney from disclosing clients on a Statement of Economic Interests lawyers are justifiably sensitive to this, especially with respect to clients where the official's representation is not generally known. The Commission will give great weight to this concern. Countervailing considerations to granting a waiver are: (1) whether a client engages in activity related to the official's regulatory responsibilities; and (2) the extent to which the official's representation is known to others.

For a start-up business or in a competitive business situation, the disclosure of customers may be detrimental. The Commission will give weight to this consideration, but the harm claimed should not be simply speculative.

It is unlikely that a relationship with non-Wisconsin entities could present a conflict of interest situation for an official. This appears to be recognized by WIS. STAT. §19.44 (1) (b) which provides that an ownership interest in a company not doing business in Wisconsin is not required to be disclosed. The Commission will give great weight to this factor.

The Commission will give great weight to confidentiality requirements imposed by other sources of law.

The number of interests an official has.

If an official has a great many interests to report, reporting may create a heavy administrative burden on the official. Moreover, it may be that no particular customer, client, or business interest is important if an official has very many such interests. The Commission will consider this as a factor in determining whether to grant a waiver.

Conclusion

The Commission believes that waivers should be granted cautiously and rarely. No one is compelled to be a state public official – it is always voluntary, and the reporting requirements should be known up front. On the other hand, it would be unfortunate if the reporting requirements discouraged an individual from entering public service or had a detrimental effect on an official’s economic standing. The Commission views the above considerations as part of a sliding scale of factors. An applicant for waiver should be able to show that undue hardship is not simply speculative. And a requester should establish a showing of hardship by clear and convincing evidence. When the Commission grants a waiver, it will condition it on the requirement that an official recuse himself or herself from any matter that involves or impacts the entity that has not been disclosed whether a statutory conflict would otherwise exist.

Appendix G: Campaign Finance Auditing Schedule

Introduction

Following the implementation of the Campaign Finance Information System (CFIS) database in the fall of 2008, and Eye on Lobbying Database in 2012, Government Accountability Board staff developed procedures for regular audits of common campaign finance violations and lobbying activity. The Ethics Commission first reviewed and approved these procedures at its meeting on October 10, 2016. These procedures have continued to be reviewed on an annual basis and are updated as needed based on court decisions and legislative changes.

Overview of Statutory Requirements

Audit Procedures

The Commission is required to audit campaign finance reports to check for violations under WIS. STAT. § 19.49(2g). The statute requires making note of the possible violation, and informing the committee of the issue, but does not detail procedures for resolving the possible violations.

(2g) AUDITING. In addition to the facial examination of reports and statements required under s. 11.1304(9), the commission shall conduct an audit of reports and statements which are required to be filed with it to determine whether violations of ch. 11 have occurred. The commission may examine records relating to matters required to be treated in such reports and statements. The commission shall make official note in the file of a committee, as defined in s. 11.0101(6), of any error or other discrepancy which the commission discovers and shall inform the person submitting the report or statement. The board [commission] may not audit reports, statements, or records beyond the 3-year period for which a committee must retain records under ch. 11.

Restrictions on Release of Records

The Commission is prohibited under WIS. STAT. § 19.50(1) from releasing or allowing inspection of certain records including, information related to an investigation or prosecution under Ch. 11, subch. III of Ch. 13, or subch. III of Ch. 19 or any law specified in WIS. STAT. § 978.05(1) or (2). Under WIS. STAT. § 19.55(3), records not subject to inspection include anything obtained or prepared by the Commission in connection with an investigation, including the full text of any complaint received by the Commission. While audits are separated from the confidentiality provisions that specifically apply to complaints, they still may result in an investigation or prosecution, so past practice of the staff has been to release only very general information, such as the number of possible violations identified in an audit. Information identifying a committee, individual, violation, or settlement amount was released only if contained within a signed settlement agreement.

Overview of Audit Procedures

1. Staff will initiate an audit based on the schedule listed below. Some audits, like timely filing of campaign finance reports or payment of filing fees, will occur shortly after a report or payment is due. Others require more data analysis and will occur as time permits.
2. When conducting an audit, staff will perform a global analysis of all committees or individuals subject to a particular law – for example, all committees required to report cash balances will be audited for cash balance discrepancies, and all candidates on the ballot during the previous election cycle will be audited for contribution limits violations.
3. Most data will be pulled from the CFIS database. For lobbying audits, data is also pulled from the Eye on Lobbying website, and for audits of contribution limit violations, staff will pull a list of candidates on the ballot in a specific election from WisVote.
4. Audit data and documents for each committee or person contacted will be saved on the Ethics Commission’s internal SharePoint site.
5. When potential violations are identified, staff will send out an initial communication to the committee or individual with a request to respond or resolve possible violations and may be given up to 30 days to resolve the potential violation. All notices of possible violations will be sent via email to the email addresses included in the committee’s registration statement. The initial communication will identify the issue and request that it be fixed, or that the committee or person admit that the violation occurred. The initial communication may reference the Ethic’s Commission standard settlement schedules and settlement amounts but will not include settlement agreements.
6. During the 30-day window, staff will work with committees to correct erroneous reports. If a mistake is corrected, staff will close the audit for that committee or person.
7. The audit findings will be added to the agenda for the next Commission meeting. Requests to appear before the Commission by phone or in person will be communicated to the Chair and Vice Chair for approval.
8. Once 30 days have passed since the initial communication:
 - a. If the committee or person has not responded, staff will send a second communication with a reminder of the issue.
 - b. Staff will add the audit item to the audit database for tracking.
 - c. Staff will add the item to the agenda of the next regularly scheduled Commission meeting for the Commission to review and determine whether to issue a settlement agreement for the amount specified in the standard settlement schedule.
9. The Commission, at its next meeting, may direct staff to issue a settlement agreement or close the audit as appropriate for each committee or person. If the Commission has not already considered their case, the committee or person may request to appear before the Commission. Once a settlement offer is issued, the committee or person shall have 30 days

to pay the settlement offer and sign the settlement agreement. Once executed, a settlement is no longer confidential.

10. If the registrant or individual refuses to accept the Commission's settlement offer or does not respond, the Commission may direct staff counsel to commence a civil action to collect a forfeiture of at least the amount of the settlement offer.
11. The Commission may place some registrants on administrative suspension rather than pursue further action. This will generally apply to registrants with little activity that cannot be contacted. When staff believes a registrant should be placed on administrative suspension, staff will present the situation for the Commission's approval. If a registrant on administrative suspension wishes to become active again, staff will seek all incurred penalties and all reports.
12. Commission staff will inform the Commission of all late reports, settlement offers, paid settlements and administrative suspensions, and will compile an annual summary for each calendar year.

Audit Planning for Fiscal Year 2023 (July 1, 2022 – June 30, 2023)

Termination Audits

Period: Up to three years from the date of the most recent election in which the committee participated through Termination

Start Date: Ongoing

Termination audits cover a number of issues, such as whether the committee has \$0 cash on hand, whether the committee has \$0 in outstanding debts and loans, whether there are cash balance discrepancies, whether there is an outstanding filing fee, whether there are outstanding settlements, and other issues. These audits are conducted on an ongoing basis as committees request to terminate. If time and other work priorities permit, staff will contact unsuccessful candidates and advise them of their options regarding continued reporting, exemption, and termination. Committees identified through this audit could be subject to any of the applicable sections of the Campaign Finance Settlement Schedule.

Campaign Finance Filing Fees

Period: Annually

Start Date: January 15

Annual filing fees are due the same date that the January Continuing campaign finance report is due, between the 15th and 17th of January. Notices are sent by email approximately one month before the fee is due, and reminder emails are sent one week and one day before the deadline. Committees that have not paid are contacted within a few days of the deadline. Committees identified through this audit could be subject to the standard settlement provided for in WIS. ADMIN. CODE ETH 26.02(3).

Timely Filing of Campaign Finance Reports

Period: Each Required Campaign Finance Report

Start Date: Day After Each Filing Deadline

Notices to file campaign finance reports are sent by email approximately one month before the report is due, and reminder emails are sent one week and one day before the deadline. Committees that have not filed are contacted the day after the deadline (for election related reports) or within a few days of the deadline (for continuing reports). Committees identified through this audit could be subject the standard settlement as provided for in WIS. ADMIN. CODE ETH 26.02(1) or (2).

Pending Transactions Review (Courtesy Review Prior to Audits)

Period: Semi-Annually

Start Date: Following Each Continuing Report

Committees have the ability to save transactions in the CFIS website, and file them all together when a continuing report or election related report is due. If a committee saves a transaction but does not file it, it is visible to staff, but not visible on the official report available to the general public. Staff will use a query to identify all unfiled transactions semi-annually before the cash balance audit. This information will be gathered merely to assist committees in ensuring that all transactions that were meant to be reported are filed. Committees will be provided with notice of pending transactions and staff will recommend that committees review the transactions and file amended reports if transactions were meant to be filed or delete the transactions if they are duplicates. This action is recommended as unfiled transactions may impact all other audit results.

Cash Balance Audit

Period: Semi-Annually

Start Date: Following Each Continuing Report

If a committee has a discrepancy of \$100 or more within a report, or between the ending balance and beginning balance of subsequent reports, staff will contact the committee and ask for a resolution within 30 days. Committees identified through this audit could be subject to the standard settlement provided for in WIS. ADMIN. CODE ETH 26.02(8).

Corporate Contribution Audit

Period: Annually

Start Date: Following July Continuing Report

Once a year, staff audits CFIS for contributions to candidates, party committees, legislative campaign committees, or PACs from businesses to check for unlawful corporate contributions. We also audit for contributions labeled as coming from individuals containing business identifiers like "Corp," "Inc," or "LLC." Committees that appear to have received unlawful contributions are contacted and asked to respond within 30 days. Committees identified through this audit could be subject to the standard settlement provided for in WIS. ADMIN. CODE ETH 26.02(10).

Lobbyist Contribution Audit

Period: Annually

Start Date: Following July Continuing Report

Once a year, staff compares a list of campaign contributions to partisan candidates with a list of registered lobbyists. If any matches are found, staff checks to see if the contribution was given before the lobbyist registered or after they surrendered their license. Staff also checks for returned contributions and attempts to eliminate false matches based on people with the same name from different cities. Lobbyists who appear to have made unlawful contributions are contacted and asked to respond within 30 days. Committees identified through this audit could be subject to the standard settlement provided for in WIS. ADMIN. CODE ETH 26.02(11).

Anonymous and Unitemized Transactions

Period: Annually

Start Date: Following July Continuing Report

Campaign finance law requires committees collecting non-anonymous contributions of any amount report the name and address of the contributor. Committees that appear to have received unlawful contributions are contacted and asked to respond within 30 days. Committees identified through this audit could be subject to the standard settlement provided for in WIS. ADMIN. CODE ETH 26.02(6).

Contribution Limits Audit – Spring/Fall

Period: Semi-Annually

Start Date: Following April after April Election/Following August after November Election

The campaign period for spring candidates runs until July 31. Therefore, the final report of the campaign period is the January Continuing Report of the following year. The campaign period for fall candidates runs until the first Tuesday in January. Therefore, the final report of the campaign period is July Continuing Report of the following year.

After all reports from those periods are entered, and annual audits have been started, staff audit the campaign period for each office for violations of the contribution limits by individuals or committees. Staff conducts an annual audit of the \$12,000 annual contribution limit to parties and segregated funds at the same time as the audit of the spring election cycle from the previous year.

Committees identified through this audit could be subject to the standard settlement provided for in WIS. ADMIN. CODE ETH 26.02(9).

Name/Address

Period: Annually

Start Date: TBD

Campaign finance law requires committees collecting non-anonymous contributions of any amount to report the name and address of the contributor. The Commission adopted a process for this audit. The audit processes will be reported in subsequent annual reports.

Occupation Information Audit

Period: Annually

Start Date: TBD

The Commission adopted a process for this audit. The audit processes will be reported in subsequent annual reports.

Campaign finance law requires that committees must report the occupation of any contributor giving more than \$200 in a calendar year. The Commission adopted a process for this audit. The audit processes will be reported in subsequent annual reports.

Independent Expenditure Reporting/72 Hour Reporting Audit

Period: TBD

Start Date: TBD

For spring elections, after the July report is filed, the 72-hour reporting by candidates and parties can be compared to the committees' regular reports. For fall elections, this would be possible after the January report is filed. Staff is still developing a process to complete this audit. It will not be conducted until a process that is satisfactory to the Commission is approved. Any violations would be subject to the standard settlement provided for in WIS. ADMIN. CODE ETH 26.02(4) or (5).

Appendix H: Lobbying Auditing Schedule

Following the implementation of the Eye on Lobbying Database in 2012, Government Accountability Board staff developed procedures for regular audits of common campaign finance violations and lobbying activity. The Ethics Commission first reviewed and approved these procedures at its meeting on October 10, 2016. These procedures have continued to be reviewed on an annual basis and are updated as needed based on court decisions and legislative changes.

Late Statements of Lobbying Activities and Expenditures (SLAEs) Audit

13.68 Principal's expense statement.

(1) STATEMENT. Every principal which is registered under s. 13.64 shall, on or before July 31 and January 31, file with the commission an expense statement covering the preceding reporting period. The statement shall be signed, under the penalty for making false statements provided in s. 13.69 (6m), by an individual identified under s. 13.64(1)(e) who is authorized to represent the principal. The statement shall contain the following information...

Staff conducts an audit to ascertain which principals do not meet the deadline.

Period: Each Required Statement of Lobbying Activities and Expenditures Report

Start Date: Each Filing Deadline

Late 15-Day Report of Lobbying Interest Audit

13.67 Identification of legislative and administrative proposals and topics.

(1) Except as authorized under s. 13.621, no person may engage in lobbying as a lobbyist on behalf of a principal and no principal may authorize a lobbyist to engage in lobbying on its behalf unless the principal reports to the commission, in such manner as the commission may prescribe, each legislative proposal, budget bill subject and proposed administrative rule number in connection with which the principal has made or intends to make a lobbying communication or, if the lobbying does not relate to a legislative proposal or proposed administrative rule that has been numbered or a budget bill subject, each topic of a lobbying communication made or intended to be made by the principal. A principal shall describe any topic of a lobbying communication with reasonable specificity, sufficient to identify the subject matter of the lobbying communication and whether the communication is an attempt to influence legislative or administrative action, or both. The principal shall file the report no later than the end of the 15th day after the date on which the principal makes a lobbying communication with respect to a legislative proposal, proposed administrative rule, budget bill subject or other topic not previously reported by the principal under this section during the biennial period for which the principal is registered. The report shall be made by a person who is identified by the principal under s.13.64 (1) (e).

Previously, the Commission did not have the available resources to conduct audits of each lobbying principal and lobbyist's internal records. Staff has been auditing for 15-day reports

submitted after an SLAE deadline, which can be determined with certainty as being late. The Commission would also investigate any formal complaints related to late reporting. With the launch of the new lobbying website, the Commission now has the information needed to more accurately audit for late 15-day reports. These procedures will be reviewed in the near future.

Period: Each Required Statement of Lobbying Activities and Expenditures Report

Start Date: Each Filing Deadline

Late Payment of Lobbying Fees Audit

The Commission adopted a standard settlement for the late payment of lobbying related fees at its meeting on February 27, 2018, in accordance with § 13.75. The Commission must receive lobbying related payments from principals and lobbyists promptly.

Period: Continuous

Start Date: December 1, 2020

Unauthorized Lobbying Audit

§ 13.65 Lobbyist Authorization

Before engaging in lobbying on behalf of a principal, a lobbyist or the principal who employs a lobbyist shall file with the commission a written authorization for the lobbyist to represent the principal, signed by or on behalf of the principal. A lobbyist or principal shall file a separate authorization for each principal represented by a lobbyist.

Staff conducts an audit to determine if lobbyists communicated more than the allowable four-day threshold before obtaining their authorization from the principal and paying the applicable fees.

Period: Each Statement of Lobbying Activities and Expenditures Report

Start Date: Each Filing Deadline

Appendix I: Complaints and Investigations Procedures

The procedures outlined below are intended to comply with and implement the statutes and administrative rules governing the processing and resolution of complaints filed with the Ethics Commission. Staff originally presented to the Commission an outline of proposed complaint procedures at its October 10, 2016, meeting. Following the advice and recommendations of the public and the Commission members, staff has revised the below procedures to better track the statutes and Commission recommendations. These procedures make use of the Complaint Tracking Database created in SharePoint, which contains separate tracking mechanisms for complaints and audits handled by Commission staff.

Complaint Intake

1. A complaint may be received by paper or electronically. When received on paper (mailed or in-person) Front Desk staff shall forward the complaint to the Commission Administrator (“Administrator”) and Staff Counsel (“Counsel”). Any other member of the staff that receives a complaint shall forward those to the Administrator and Counsel.

If the Administrator and Counsel are unavailable to receive a complaint filed in-person, a staff person receiving a complaint in-person should review the complaint to ensure it meets the applicable standards (see Step 2) and that all referenced exhibits are attached. If there appears to be any insufficiency, staff shall notify the person delivering the complaint of the insufficiency but keep possession of the original complaint.

2. Regardless of the form of the submission, the Administrator or Counsel shall determine whether it constitutes a sworn complaint. A valid complaint should:
 - a. List a named complainant with contact information;
 - b. List a named respondent with contact information;
 - c. Contain allegations of violations within the jurisdiction of the commission; and,
 - d. Be sworn under oath before a notary.
3. Complaints will be entered into the Complaint Tracking Database. The Ethics Commission portal of the Database is intended to track complaints under the Commission’s jurisdiction as well as submissions relating to matters outside of its jurisdiction.
4. If the submission constitutes a sworn complaint to be included in the Database, the Administrator or staff, at the direction of the Administrator, shall
 - a. Create a record in the Complaint tracking list entering all required fields;
 - i. Complaint ID shall be entered in the form: YYYY-ETH-[3-digit sequential number] (e.g., 2017-ETH-001 for the first complaint of 2017); and,
 - ii. Required fields include Complaint ID, complainant, respondent, date received, and short summary of the allegations.

- b. Create a folder to store documents related to the complaint in the Complaints section of SharePoint under the respective year;
 - i. The folder shall be labeled with to the complaint ID assigned and the parties involved (e.g., 2017-ETH-001 Smith v. Johnson);
 - ii. If the complaint involves allegations against a local public official, the suffix “Local” should be appended to the folder name (e.g., 2017-ETH-001 Smith v. Johnson (Local));
 - iii. All documents received related to the complaint should be saved in the folder. Paper documents should be scanned and uploaded to the folder before being forwarded to Staff Counsel for retention; and,
 - iv. A redacted copy of the complaint should also be prepared and saved to the complaint folder. Staff should redact the name and contact information of the complainant and redact any indication of the complainant’s identity from the allegations of the complaint.
5. If the complaint alleges a violation by a local public official or candidate for local office, the Administrator or staff, at the direction of the Administrator, shall notify the complainant that the Commission’s established policy is to defer to the local district attorney in such matters and advise the complainant that they may wish to file their complaint with the local district attorney. A copy of such a notification should be saved in the complaint’s SharePoint folder.
6. The Administrator or staff, at the direction of the Administrator, shall notify the respondent for each valid complaint within 5 days of the complaint being received. Staff should update the SharePoint Complaint list with the date this notification is sent. A copy of the notification should also be saved in the complaint’s SharePoint folder. The notification should include:
 - a. A statement that a complaint has been filed against them and that they have 15 days from receipt of this notice to file a response if they wish to respond; and
 - b. An unredacted copy of the complaint.
7. If a response is received, staff shall save a copy of the response to the complaint’s SharePoint folder and update the SharePoint Complaint list with the date the response was received. Any hardcopy response should be scanned and saved to the complaint’s folder before being forwarded to Counsel for retention.

Complaint Processing

1. Any person may file a complaint if he or she believes a violation of Ch. 11, Ch. 13 Subch. III., or Ch. 19 Subch. III of the Wisconsin Statutes has occurred or is occurring.¹ Neither the Commission nor any member or employee of the Commission, including the Commission Administrator, may file a sworn complaint.²
 - a. A complaint must comply with certain requirements. It **must**:

¹ WIS. STAT § 19.49(2)(b).

² WIS. STAT § 19.49(2)(a).

- i. Provide the full name and address of the person filing the complaint (called the complainant); and
 - ii. Be signed and sworn.
 - b. In order for a complaint to be considered complete and proper, it **should**:
 - i. Clearly recite the facts that show specific violations under the Commission's jurisdiction (citations to the law and/or regulations are valuable);
 - ii. Clearly identify each person, committee or group that is alleged to have committed a violation (called the respondent[s]);
 - iii. Include any documentation supporting the allegations, if available; and
 - iv. Differentiate between statements based on the complainant's (the person who files the complaint) personal knowledge and those based on information and belief. Statements not based on personal knowledge should identify the source of the information.
2. The Administrator reviews each complaint to determine whether it states a violation within the jurisdiction of the Commission and satisfies the above criteria for a proper complaint. If the complaint does not meet these requirements, the Administrator notifies the complainant of the deficiencies.
- a. Non-jurisdictional & Local Complaints
 - i. Within five (5) days of receiving a complaint, the Administrator or Staff Counsel shall determine whether the complaint involves a matter outside of the agency's jurisdiction or pertains to a local matter. In either case, the Administrator will assign a staff member to generate an email or letter advising the complainant: (1) that the agency does not have jurisdiction regarding the matter, and informing the complainant of any other governmental agency that may be able to assist with the matter, if that information is known; or (2) that the matter should be addressed to a District Attorney. Standardized communications may be utilized to resolve matters outside of the Commission's jurisdiction. Staff assigned to the matter shall attach the complaint and may attach the closing correspondence to the complaint record in the database.
 - b. Jurisdictional Complaints
 - i. Within five (5) days of receipt of a complaint that is within the jurisdiction of the Ethics Commission, staff will verify the receipt of the sworn complaint to the complainant and respondent. Before voting on whether to take any action regarding the complaint, other than to dismiss, the commission shall give each person receiving a notice an opportunity to demonstrate to the commission, in writing and within 15 days after receiving the notice, that the commission should take no action against the person on the basis of the complaint.³
 - ii. A respondent who is or intends to be represented by legal counsel should inform the Commission by sending a statement regarding the designation of counsel, including the name and address of the individual(s).

³ WIS. STAT. § 19.49(2)(b).

3. Initial Vote to Proceed (Reasonable Suspicion Inquiry)

- a. Each complaint that is assigned to Counsel or other staff will be submitted to the Commission with recommendations on whether there is "reasonable suspicion" that the respondent has committed or is committing a violation of the law.⁴⁵⁶ The Commission makes the final decision by voting for or against a "reasonable suspicion" determination or otherwise terminating the complaint. (Four affirmative votes are required to go forward with any enforcement action). In making this determination, the Commissioners may consider the complaint, the respondent's reply, available information on the public record and the staff's analysis and recommendations.
- b. If the Commission fails to find "reasonable suspicion" that a violation has occurred or is occurring with respect to all of the allegations, or if the Commission dismisses the matter for other reasons, the case is closed, and the parties involved are notified.⁷ If, on the other hand, the Commission finds that there is "reasonable suspicion" that the respondent has violated or is violating the law, the Commission may either authorize an investigation via resolution or enter directly into settlement negotiations by the same.⁸
 - i. When a complaint is designated for settlement, the Administrator shall assign it to a staff member and/or Counsel for processing and resolution.
 - ii. If the complaint is designated for an investigation by resolution, the resolution shall specifically set forth any matter that is authorized to be investigated.⁹
 - iii. To assist in the investigation, the Commission may elect to retain a special investigator. If the Commission elects to retain a special investigator, the Administrator shall submit to the Commission the names of three (3) qualified individuals to serve as a special investigator.¹⁰
 - iv. If the Commission retains a special investigator to investigate a complaint against a person who is a resident of this state, the

⁴ The assigned staff member or Staff Counsel shall analyze the facts and relevant law, and determine the proper outcome or resolution, consulting with the Administrator as necessary, and present those findings to the Commission.

⁵ "Reasonable suspicion" has been defined as "specific and articulable facts which, taken together with rational inferences from those facts, reasonably warrant that intrusion." *Terry v. Ohio*, 392 U.S. 1 at 21.

⁶ Reasonable suspicion findings indicate only that the Commission either found or failed to find sufficient legal justification to open an investigation to determine whether a violation of the law has occurred, and not a definitive determination that a respondent violated any provision of the law.

⁷ WIS. STAT. § 19.50(2)(c) specifically allows for the release of "communications made to the attorney of an investigator, prosecutor, employee, or member of the Commission or to a person or the attorney of a person who is investigated or prosecuted by the Commission."

⁸ WIS. STAT. § 19.49(1)(b) The Commission may compromise and settle any civil action or potential action brought or authorized to be brought by it which, in the opinion of the Commission, constitutes a minor violation, a violation caused by excusable neglect, or which for other good cause shown, should not in the public interest be prosecuted under such chapter.

Commission shall provide to the district attorney for the county in which the person resides a copy of the complaint and shall notify the district attorney that it has retained a special investigator to investigate the complaint.¹¹

Formal Investigation Procedures

1. The goal of the formal investigation stage is to determine whether the Commission can make a finding that probable cause exists to believe that one or more violations under have occurred or are occurring, together with a recommended course of action.
2. Reports to Commission¹²
 - a. Special Investigators: Each special investigator who is retained by the Commission shall make periodic reports to the Commission, as directed by the Commission, but in no case may the interval for reporting exceed 30 days.
 - b. Administrator: If the Commission authorizes the Administrator to investigate any matter without retaining a special investigator, the Administrator shall make periodic reports to the Commission, as directed by the Commission, but in no case may the reporting interval exceed 30 days.
3. Investigation Review¹³
 - a. During the pendency of any investigation, the Commission shall meet for the purpose of reviewing the progress of the investigation at least once every 90 days. The special investigator or the Administrator shall report in person to the Commission at that meeting concerning the progress of the investigation. If, after receiving a report, the Commission does not vote to continue an investigation for an additional period not exceeding 90 days, the investigation is terminated at the end of the reporting interval.
 - b. The Commission shall not expend more than \$25,000 to finance the cost of an investigation before receiving a report on the progress of the investigation and a recommendation to commit additional resources.
 - c. The Commission may vote to terminate an investigation at any time. If an investigation is terminated, any complaint from which the investigation arose is deemed to be dismissed by the Commission.
 - d. The Commission may close any complaint, at any time, for other cause within its discretion.
4. Probable Cause Determination¹⁴
 - a. Unless an investigation is terminated by the Commission, at the conclusion of each investigation, the Administrator shall present to the Commission one of the following:

¹¹ *Id.*

¹² WIS. STAT. § 19.49(2)(b)4.

¹³ *Id.*

¹⁴ *Id.*

- i. A recommendation to make a finding that probable cause exists to believe that one or more violations have occurred or are occurring, together with a recommended course of action.
 - ii. A recommendation for further investigation of the matter together with facts supporting that course of action.
 - iii. A recommendation to terminate the investigation due to lack of sufficient evidence to indicate that a violation has occurred or is occurring.
- b. At the conclusion of its investigation, the Commission shall, in preliminary written findings of fact and conclusions based thereon, make a determination of whether or not probable cause exists to believe that a violation has occurred or is occurring. If the Commission determines that no probable cause exists, it shall dismiss the complaint.¹⁵
 - i. Whenever the Commission dismisses a complaint, or a complaint is deemed to be dismissed for other reasons, the Commission shall immediately send written notice of the dismissal to the accused and to the party who made the complaint.
 - ii. The Commission shall inform the accused or his or her counsel of exculpatory evidence in its possession.

5. Post-Probable Cause Finding

- a. If the Commission finds that there is probable cause to believe that a violation has occurred or is occurring, the Commission may authorize the Administrator to do one of the following:¹⁶
 - i. File a civil complaint against the alleged violator.
 - ii. Request the assistance of special counsel to file a civil complaint and prosecute the action brought by the Commission. If the Administrator requests the assistance of special counsel with respect to any matter, the Administrator shall submit to the commission the names of three (3) qualified individuals to serve as special counsel. The Commission may retain one of the individuals to act as special counsel.
 - iii. Refer the matter to an appropriate district attorney or Attorney General.¹⁷
- b. If a special investigator or the Administrator, in the course of an investigation authorized by the Commission, discovers evidence outside the scope of the original investigation or jurisdiction of the Commission, the Commission may thereupon authorize the investigation of the additional conduct or if outside the jurisdiction of the Commission, refer the matter to an appropriate district attorney or the Attorney General.¹⁸

¹⁵ WIS. STAT. §§ 19.49(2)(b)7 and 8.

¹⁶ WIS. STAT. §§ 19.49(2)(b)5 and 9.

¹⁷ WIS. STAT. § 19.49(2)(b)13 and 14 provide special procedures should a district attorney decline to prosecute a potential violation.

¹⁸ WIS. STAT. §§ 19.49(2)(b)11 and 12 provide the procedures for amending and authorizing the review of matters outside the original investigation and the referral of matters outside the Commissions jurisdiction respectively.

Post Complaint Action

1. Throughout the processing of the complaint, the assigned staff member or Staff Counsel shall document the status and significant information regarding the complaint in the Complaint Tracking Database. This shall include completing the data fields indicating the status of the complaint, the source of the complaint, the subject category, and subcategory of the complaint, forfeiture and resolution information, and any additional comments. The dismissal letter, settlement agreement, or other communication resolving the matter may be attached to the complaint record in the Database. Assigned staff or Staff Counsel shall also be responsible for maintaining the electronic and paper files for said complaints.
2. The Administrator shall review the status of open complaints on at least a bi-weekly basis to monitor the progress of complaint resolution. The Administrator or designated staff member shall also prepare a summary report for each Commission meeting regarding the status of complaint files that are open or that have been closed since the previous Commission meeting.

Appendix J: Commission Chair and Vice-Chair Terms and Vacancies

Officer Positions of the Ethics Commission

Wisconsin Statutes require the Commission to select a Chair. The process for selecting a Chair for the Ethics Commission is governed by WIS. STAT. § 15.06(2)(b)2. which reads:

The chairperson of the ethics commission shall be chosen from the members appointed under s. 15.62(1)(a)1. to 4. by affirmative vote of at least two-thirds of the commission members at the commission's first meeting every 2 years. The chairperson shall serve a 2-year term. The first chairperson shall be chosen from the commissioners affiliated with the same major political party. The major political party from which to select the first chairperson shall be determined by lot. The 2nd chairperson shall be chosen from the commissioners affiliated with the other major political party. Each subsequent chairperson shall be chosen from the commissioners affiliated with the 2 major political parties on a rotating basis.

The Chair of the Ethics Commission is responsible for leading each meeting of the Commission.

The Ethics Commission also established an officer position of Vice-Chair, to be selected from the opposite party of the Chair. The Vice-Chair is responsible for signing the minutes of each meeting of the Commission. The Vice-Chair may also lead a meeting of the Commission during a temporary absence of the Chair.

The Chair and Vice-Chair are jointly responsible for determining the agenda of each Commission meeting, in collaboration with the Administrator.

Terms of Commission Officers and Procedures for Addressing Vacancies

The Ethics Commission has established that each party will retain the position of Chair or Vice-Chair for a full two-year term. The Commission unanimously approved the following terms for the Commission Chair and Vice-Chair at the June 19, 2018, Commission Meeting. The Chair and Vice-Chair will serve a two-year term. Each term shall begin on July 1 of even numbered years, and end June 30 in the next even numbered year. After each term, the parties will switch retention of officer positions. Upon a vacancy in either the Chair or Vice-Chair positions, the Commission shall elect a successor to serve out the remainder of the term from the members appointed by the same party.

Appendix K: Administrative Suspension of Registrants

The Ethics Commission is required by WIS. STAT. § 19.47(9)(a) to report adopted policies to the appropriate standing committees of the Legislature under WIS. STAT. § 13.172(3). At its December 5, 2017, meeting, the Ethics Commission unanimously adopted the following to establish internal policies and procedures for placing registrants (e.g., campaign committees and lobbying principals) on an administrative suspension status in order to minimize the requirements of staff to continually attempt to contact non-responsive registrants. Nothing in this policy affects the registration effectiveness or rights of any registrant.

Administration Suspension Policy

It is the policy of the Ethics Commission to place on administrative suspension any registrant who violates any provision of Chapter 11 or subchapter III of Chapter 13, who fails to subsequently respond to Commission communications regarding that violation, and where further attempts to contact the registrant are reasonably expected to be futile. Commission staff shall make reasonable efforts to find new contact information by consulting available data sources before placing a registrant on administrative suspension.

If Commission staff has been unsuccessful in contacting a registrant over a period of at least six consecutive months, staff need not continue to send a notice to the registrant regarding any violations that may continue to occur while on administrative suspension. Commission staff shall document any such violations by a registrant but need not include such registrants in their regular audits and subsequent reports to the Commission. This policy does not relieve a registrant of the duty to file reports when due or other obligations under state law.

If a registrant who is placed on administrative suspension subsequently is located by Commission staff, or contacts Commission staff to return the registrant to active status, the registrant may be returned to active status if requested, but the Commission shall be notified at its next meeting so as to consider taking appropriate action on any violations that may have accrued by the registrant while on administrative suspension.

Commission staff shall maintain a list of methods of contact to utilize before placing a registrant on administrative suspension and document all attempts to contact a registrant regarding placing them on administrative suspension. Commission staff shall report to the Commission at the next regular meeting any registrants placed on administrative suspension since the last report.

Appendix L: Agency Report Pursuant to Wis. Stat. § 230.215(4)- Flexible-time Work Schedules; Additional, Part-time Positions; and Other Alternative Work Patterns

Flexible-time Work Schedules

Due to the small staff size of the Commission, flexible scheduling is approved on an informal basis by the Commission's Administrator. The Commission's flexible scheduling includes options to work non-standard shifts if the employee can do so while complying with applicable employment laws. Additionally, the Commission's flexible scheduling includes the option for "flex time" in which an employee may work a longer number of hours on a day(s) during a pay period and "flex off" hours or even a whole day during that pay period.

Currently, several staff members use a non-standard, 5-day per week, schedule. Some members of staff may begin work before normal business hours begin and leave before the close of business. Other staff members may begin work after normal business hours begin. They would work appropriate hours after the close of business. Additionally, at least one staff member works a schedule involving 4, 10-hour, workdays per week. That individual then "flexes off" one day per week. Due to the small size of the Commission's staff, this flexible arrangement has worked well for staff and is easy to adjust as needed.

Appendix M: Delegation of Authority to Issue Standard Settlements

The Ethics Commission is required by WIS. STAT. § 19.47(9)(a) to report adopted policies to the appropriate standing committees of the Legislature under WIS. STAT. § 13.172(3). At its December 8, 2020, meeting, the Ethics Commission unanimously adopted the following as permitted by WIS. STAT. § 19.49(2)(b)10. to authorize the administrator to issue standard settlements pursuant to WIS. ADMIN. CODE ETH 26. Nothing in this policy affects the rights of any person.

The Commission hereby delegates the authority to offer standard settlements pursuant to ETH 26 to the Administrator as follows:

- The Administrator may offer settlements for late reports or late payment of fees once the deadline has passed. Any extenuating circumstances can be submitted as an appeal. Every appeal will be presented to the Commission at its next regularly scheduled meeting.
- For any other audit, the Administrator may offer settlements only if the person, committee, or principal:
 - Does not respond within 30 days, or
 - Admits the violation.
- If a response is received that disputes whether a violation occurred or requests the Commission's consideration, no standard settlement will be issued by the Administrator. The matter will be considered by the Commission at the next regularly scheduled meeting.
- If the Administrator has any doubt as to the resolution of a potential violation found in an audit, the matter will be presented to the Commission for its consideration at the next regularly scheduled meeting.
- The Administrator may only offer settlements with an aggregate financial component of \$2,500 or less. If the standard settlement schedule provides for a settlement with a financial component in excess of \$2,500, the matter must be referred to the Commission.

After this delegation, staff will use the following process:

- Staff will notify the person, committee, or principal of a potential violation.
- Staff will present the findings and response, if received, to the Administrator.
- The Administrator will decide consistent with the delegation above whether the matter should be considered by the Commission. If not, the Administrator may offer a standard settlement on behalf of the Commission.
- If the Administrator offers a standard settlement, the Administrator may direct staff to draft the settlement agreement and send it to the person, committee, or principal.
- Any settlement offered by the Administrator will be logged and tracked by the staff member conducting that audit.

- The Commission will be advised of all settlements offered by the Administrator as follows:
 - If a settlement is offered, accepted, and the matter is closed between regularly scheduled meetings, staff will prepare a memo that will apprise the Commission of the identity of the party to the settlement, the nature of the settlement, the amount of the settlement, the date the settlement was offered, and the date the settlement was closed.
 - If a settlement is offered but is not accepted before the next regularly scheduled Commission meeting, the settlement will be included in the Outstanding Settlements memorandum presented in Closed Session.

Anyone who receives a settlement offer from the Administrator may appeal. All appeals will be decided by the Commission. An appeal will be presented to the Commission at the next regularly scheduled meeting.
